

# **Swindon & District Air Rifle League**

## **A message from the Life President**

It is a great honour to have been elected the new Life President at the recent AGM. I am mindful that the election was held following the sad loss of Tom Wheeler the former President. He will be greatly missed, as he was a man of quiet disposition and a real a gentleman who did much to encourage team spirit and participation.

I have a hard act to follow but I will do all I can to continue with promoting the sport and making it accessible and possible for all. The League has many hard working members both in an official capacity but also those in the Clubs who support the league to be the success it is. My thanks to you all.

Delegate meetings form a very important role in the league and it is here that decisions are made so if you wish anything to be discussed please let you delegate know. During the last year it was very encouraging to see several younger league members giving up their time to represent respective clubs. We must listen and encourage them to participate.

I wish everyone a successful year and enjoy your sport.

Sport is to win but win for sport.

Roland Wise  
Life President
